GROWING?**

WELCOME TO 2020 1ST EDITION

As we enter the New Year and a brand new decade we can reflect over the past few years. The Funds have made great strides to improve member communication and overall understanding of the benefits available to you.

As valued members of the Funds you have contributed greatly by completing the annual, online research surveys. *Your feedback and suggestions go a long way* in improving our services to you. The **2020 research survey will be available online as from 31 March 2020.**

In this issue of the newsletter we share information on the **voluntary family funeral cover** available to you. Please note that, if you do not already enjoy this cover, you must **elect it before 31 March 2020.** We also share the importance of having a **Living Will** in place.
