### WELCOME TO THE JULY 2020 EDITION

*We currently live in challenging times and most of us are experiencing feelings of unease and uncertainty. It has become our new reality. The world is changing in leaps and bounds and we need to have clarity on so many issues relating to the future and what will happen after Covid-19.*

Unfortunately, we do not have clear answers to these questions, which causes frustration. **We can however reflect on what we have learned over the past couple of months about ourselves and life in general.**

Although most of us have been working remotely, it has not stopped the Fund or its administrators, Old Mutual, staying in touch with our members, to deliver our best possible service, and to go the extra mile for you. **We have not skipped a beat in responding to your enquiries or paying out claims.**

Investment markets around the world and in South Africa are under tremendous pressure, experiencing extreme volatility. Conditions like these are unsettling, but **it is essential that we resist the urge to panic.**

*In this newsletter you can read the important article on why it is crucial to preserve your benefits and we invite you to take a few minutes to complete our member survey.*

*“Education is the most powerful weapon which you can use to change the world.”*

*- Nelson Mandela*
